

## Product Description:

### 1. Modular Welding Table – D16 Model

CNC machined table with flatness 0.3 mm / 1000 mm, Hole  $\varnothing$  16 mm, Hole Pitch  $50 \pm 0.038$  mm, Plate Thickness 15 mm, nitriding case depth 0.01 to 0.02 mm, Surface Hardness HV 450

### 2. Modular Welding Table – D 28 Model

CNC machined table with flatness 0.3 mm / 1000 mm, Hole  $\varnothing$  28 mm, Hole Pitch  $100 \pm 0.038$  mm, Plate Thickness 25 mm, nitriding case depth 0.01 to 0.02 mm, Surface Hardness HV 450

2D Welding Table

Rotary Welding Table

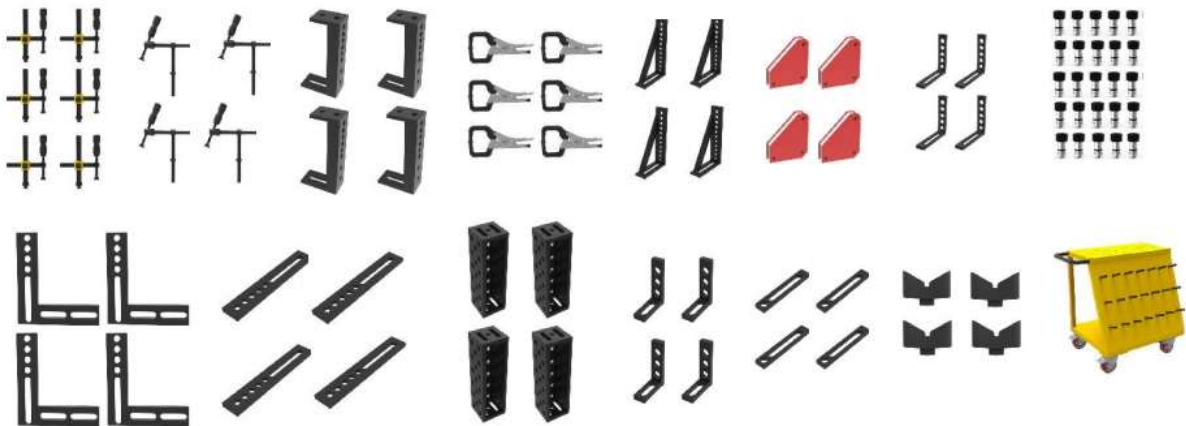

3D Welding Table

Slotted Welding Table

### 3. Fixture Set

Select from standard package or pick as per your requirements our team can help you to decide based on your 3D drawing of your component drawing
